

Dear Parents & Caregivers,

On Friday 16 February the Year 12 Chemistry students have the opportunity to attend a Chemistry practical activity day at CSU. This is run by the Eastern Riverina Science Teachers Association. The University will provide valuable practical activities and the opportunity to see some High Tech Analytical instruments in operation. Students will also get a chance to meet scientists who will give them an idea of what it is like to work in their particular field and the career opportunities available.

Students will need to make their own transport arrangements to and from the University. If transport is required then please contact me. The activities start at 9.30am and finish at 3.30pm after school.

We will be using the Laboratories at the NaLSH Building, CSU Wagga Campus on the northern side of the hill.

Lunch will be provided. Students need to wear school uniform including closed-in shoes. Lab coats and safety glasses will be provided by the College.

There is no cost to the students for this activity with the College covering the fee for this important learning experience.

If you give permission for your child to be photographed or interviewed on the day by the media could you please sign the consent form attached and return along with the College permission slip by Monday 12 February 2018.

Kind regards

Nic Van Honk
Chemistry Teacher
